CFP® Course Information

3. CFP® Course Enrolment – Prerequisites and Requirements

To apply for the CFP® Certification Education Program, candidates must meet the following criteria:

- EITHER a GCE “A” Level Certificate (i.e., 2 “A”s and 2 “O”s) or a Diploma, OR
- A minimum of 3 years of working experience in any profession.

Applications will only be processed after receipt of all required documents, including payment of the course registration fees. FP reserves the right to cancel the course if the minimum number of candidates required to form a class is not met.

Please note: FP will NOT act as sponsors for foreign candidates. Foreign candidates' applications for the AFP®, AWP^{CM} & CFP® Certification Education Programs must be submitted for approval to management at least 1 month before the course begins.

4. CFP® Study Options

Whenever available, candidates may choose between one of the following two study options for each module if they are enrolling in the module for the first time:

(a) classroom tutorial option (in-person or synchronous e-learning via Zoom), or

(b) online self-study (asynchronous e-learning)

5. CFP® Certification Requirements and Certification Progression

To obtain the CFP® certification, candidates must meet the "4-E" requirements:

- **Education**: Candidates must enroll with an FPAS-approved Education Provider (EP).
- **Examination**: Candidates must pass the examination for each CFP® module.
- **Ethics**: Candidates must complete the Code of Ethics course conducted by FPAS (or an equivalent, subject to FPAS approval).
- **Experience**: Candidates must have at least 3 years of relevant working experience.

The above requirements are set by the Financial Planning Standards Board (FPSB) and are subject to change by FPSB or FPAS.

First-time candidates may attempt Modules 1 through 5 upon registration but are advised to take no more than 3 modules per exam cycle. Module 1 (AFP Certification) is mandatory for first-time registrants. Module 6 can only be taken after passing Modules 1 to 5. There is no limit to the number of times a candidate may retake an exam. Candidates must complete the CFP® program within 7 years from the date of passing Module 1; candidates who fail to do so will be required to restart the certification journey from Module 1.

6. Application for Exemptions to CFP® Modules

Candidates with relevant qualifications may apply for exemptions from specific CFP® modules. Exemptions must be approved by the Financial Planning Association of Singapore (FPAS). For more information, please contact FPAS or visit https://fpas.org.sg/

7. Use of CFP® Certification Marks

Upon successful completion of all course requirements, including the FPAS examinations and fulfilment of all other FPAS obligations (education, experience, and ethics), candidates will be granted the right to use the CFP® and CERTIFIED FINANCIAL PLANNER™ marks, or AWP^{CM} (Associate Wealth Planner) and AFP® (Associate Financial Planner) with

the payment of an annual Certification Fee payable annually to the Association. FPAS certification requirements are subject to change, and the latest requirements can be obtained by contacting FPAS.

8. Exam Registration and AFP®/AWP^{CM}/CFP® Certification

After enrolling for the CFP Certification Program with FP, candidates (new and retakers) will be notified by FPAS to register and make payment for the examination fee with FPAS. Candidates must make full examination fee payment to FPAS BEFORE the stipulated dateline set by FPAS; failure to do so will disqualify the candidate from attempting the exam and the candidate will be required to make the payment of the funded portion of the course fee under the clawback provision.

CFP program course fees DO NOT include examination and certification fees. These are payable directly to FPAS. With effect from January 2026, the examination fee is no longer payable to FP who used to act as "collection agents" for FPAS.

Candidates must renew their certifications directly with FPAS every year, or they will not be allowed to take the certification examination. A reinstatement fee may apply for expired certifications. Renewal fees for AFP®, AWP^{CM}, and CFP® certifications are payable directly to FPAS. Note that all certification and examination applications are managed through the FPAS Account login page. All certification matters are subject to FPAS policies, and candidates should refer to the FPAS website FAQ for further details.

Examinations are conducted in accordance with FPAS' schedule, format, and venue. Candidates who fail the examination may re-sit in the next examination cycle at their own expense, following FPAS' schedule and policies. **IBF Funding Support applies only to the first exam attempt. In the event the candidate does not meet the funding criteria, the funded portion of the course fees will be clawback. In such instance, candidates are allowed to retake the entire course and apply for funding since they are deemed not to have utilized their funding for the course.**

In the event that the exam is conducted via proctored online format, candidates taking online exams will be monitored by the exam proctor for acceptable behavior during the examination. Unacceptable behavior may lead to reprimands or disbarment imposed by FPAS. Hardware or internet issues will not be accepted as valid reasons for exam deferment, as advance notice for account testing is already provided by FPAS.

Course Fees & Funding

9. Course Fees

Course fees are payable net of funding upon course registration. Corporate Partner discounts apply only to candidates employed by a local financial institution that is a Corporate Partner of FP. Where IBF-STS funding is applied, an original Letter of Support (LOS) from the company must be provided for ALL employer-sponsored course enrolment.

No refund of course fees will be issued once the course has started, and candidates are liable to pay back the funded portion of both the course and exam fees under the Clawback provision. Please refer to our withdrawal/transfer/refund policy for more details.
